AREAS OF IMPROVEMENT:

Company has implemented and maintains a social responsibility management system compliant to amfori BSCI Code of Conduct. Person responsible for CSR, Code of Ethics and Company Values system was appointed by Internal Ordinance No. 30/2020 dated 12 Nov 2020 (D/20/20) – Mrs. Edyta Ściażko – HR Manager. New intranet application was implemented since Oct 2020. Information posters were available throughout the whole facility. At the time of audit over 200 persons were registered already. Latest news, HR, OHS, Lean or Environmental info was available.

Company supports worker development, e.g. by financing studies for production workers who later become administration workers. WISTILEAN Academy is established in 3 years cycles, app. 10 persons per year participate in projects. Additionally Leader Academy was created – HR trainings for persons leading teams – 4 months' time (such as time management, communication, team management etc.).

LUBIANA has a system to monitor / audit Agencies used, including dormitories provided to workers. Company plans to engage their workers in charity actions / volunteering (workers for workers). The aim is to help and support workers and at the same time improve internal communication.

Suppliers are chosen based on numerous parameters – supplier general situation, capacity of deliveries, quality and contact possibilities. For new suppliers – on site visits are planned in order to check general productions conditions and practices. Supplier evaluation in terms of amfori BSCI principles is performed on an annual basis – if non-conformities are raised – corrective actions are requested. Audit schedule was prepared for 2020 – (due to COVID-19 not all of these were executed) – 3 audits in total were performed. Company has sent information regarding amfori BSCI CoC and main principles to all crucial suppliers and all of them confirmed they have read and agree to work in line with these rules.

GOOD PRACTICES:

W audytowanej firmie wdrożono szereg rozwiązań mających na celu poprawę komunikacji wewnętrznej - stworzono i wdrożono Zasady Komunikacji, kanały komunikacji zostały przetestowane i niezbędne działania naprawcze zostały wprowadzone. Dodatkowo firma stworzyła wewnętrzny Intranet (dostępny dla pracowników w aplikacji) - gdzie wszystkie informacje są dostępne w łatwy i wygodny sposób. A number of solutions were implemented in the audited company to improve internal communication - the Communication Principles were created and implemented, communication channels were tested and the necessary corrective actions were taken. Additionally, the company has created an internal Intranet (available to employees in the application) - where all information is available in an easy and convenient way.

AREAS OF IMPROVEMENT:

LUBIANA Code of Ethics was implemented by Internal Ordinance No. 23/2019 dated 17 Jul 2019). All employees received extract from the Code with details regarding Code values and requirements (confirmed by workers' signatures). Regular Team meetings were organized (once per month) when Code of Ethics is discussed. Newcomers are trained during general induction training (presentation of the company, basic OHS training and Code of Ethics). For external (agency workers) – Code of Ethics values were translated into Ukrainian and are posted in their dormitories and in company areas (production). In Nov 2020 (9-20) Code of Ethics contest was organized for all employees – 22 persons won and received prizes (vouchers for shopping). Additionally Code of Ethics issues are included into annual employee assessment as additional points. Company's mission, vision and values (described in LUBIANA Code of Ethics) are compliant to amfori BSCI Code of Conduct.

Management Team (34 persons) is annually assessed in 360 deg assessment. Results from 2020 assessment were presented – with growth in majority of areas for majority of people. For those with lower results is specific area – additional trainings were organized.

Rules of effective communication were established and implemented in order to improve internal communication. Testing of the channels were performed and corrective actions were taken. In May-June Company workers (out of their own initiative) sew face masks for all the workers and local community.

In LUBIANA Code of Ethics Chapter VI point 2 – lodging grievances to Code of Ethics infringements is described: information to direct supervisor, area manager or other department responsible. If not possible or no results using direct communication – any issue can be filed to the President of the Company or any other Member of Board or by sending e-mail to: ke@lubiana.eu. All information would be kept and managed as confidential. Person responsible for grievance mechanism was appointed – Mrs. Grażyna Felskowska – Management Board Assistant. Grievances log is kept, no grievance lodged till audit date (directly or via e-mail).

7.14 Na terenie audytowanej firmy stacjonuje Ochotnicza Straż Pożarna (bezpośrednio przy głównej hali produkcyjnej). The Volunteer Fire Brigade is stationed on the premises of the audited company (directly next to the main production hall). 7.18 W audytowanej firmie dostępne są automatyczne defibrylatory - 2 na terenie zakładu oraz jeden w sklepie firmowym (dostępny dla osób z zewnątrz). Wyznaczeni pracownicy zostali odpowiednio przeszkoleni z używania defibrylatorów (zarówno osoby przeszkolone z pierwszej pomocy na produkcji jak i pracownicy sklepu firmowego). Dodatkowo na terenie firmy funkcjonuje przychodnia, z której nieodpłatnie mogą korzystać pracownicy. Automatic defibrillators are available in the audited company - 2 on the premises and one in the company store (accessible to people from the outside). Designated employees have been properly trained in the use of defibrillators (both first aid workers in production and employees of the company store). In addition, there is a clinic on the company's premises, which employees can use free of charge.

AREAS OF IMPROVEMENT:

Overall working conditions are safe and hygienic, local Labour and Sanitary Inspections conduct regular monitoring activities on site. Accidents at work log is kept, there were 7 accidents in 2020 till audit date and 13 accidents in 2019- mainly light as sprains of the lower limbs and injuries of the upper limbs, shoes with toe caps reduced injuries of the lower limbs. Occupational Risk Assessments are conducted for all workstations / positions - during the audit assessment documents for following positions were verified: Glazer (dated 31 Jul 2019), mill worker and forklift driver (28 Feb 2020). Around 100 risk assessments available in total. OHS Committee was established, last meeting protocol was seen dated 29 Sept 2020 (meeting regarding new protective shoes, new entrance gate, quality of bottles for water).

Company verifies working conditions and factors harmful to health in the work environment - e.g. dust and chemicals (Report No. TSO/28/2020-5 Techno-Service S.A. dated 13 Nov 2020, No TSO/28/2020-4 dated 20 Oct 2020), microclimate (Report No. TSO/28/2020-3 Techno-Service S.A., dated 30 Sept 2020 -> hot microclimate, additional air conditioning was installed), hazardous chemicals in air in decoration area (Report No. TSO/28/2020-2 dated 22 Sept 2020), noise level (Report No. TSO/28/2020 dated 23 Mar 2020).
